

REMARKS

Applicant respectfully requests reconsideration of the present application in view of the foregoing amendments and in view of the reasons that follow.

Status of Claims:

No claims are currently being cancelled.

Claims 1-4, 10-13 and 16 are currently being amended.

No claims are currently being added.

This amendment and reply amends claims in this application. A detailed listing of all claims that are, or were, in the application, irrespective of whether the claims remain under examination in the application, is presented, with an appropriate defined status identifier.

After amending the claims as set forth above, claims 1-20 remain pending in this application.

Indication of Allowable Subject Matter:

Applicant appreciates the indication in the Office Action that claims 16-20 contain allowable subject matter, as well as the indication that claims 1-15 would be allowed if amended to overcome the 35 U.S.C. § 101 rejection of those claims.

Claim Rejections – 35 U.S.C. § 101:

In the Office Action, claims 1-15 were rejected under 35 U.S.C. § 101 as being directed to non-statutory subject matter, because “since they do not recite a physical transform to establish a practical application, a use, concrete and tangible result appears to be lacking. While Applicant does not agree with this rejection, presently pending claims 1-4 and 10-13 have been amended to explicitly recite a useful, concrete and tangible result, that being the determination of a positioning result of a mobile using a positioning calculation function, and the displaying of the positioning result on the mobile terminal.

Accordingly, presently pending claims 1-15 fully conform to 35 U.S.C. § 101.

Conclusion:

Since all of the issues raised in the Office Action have been addressed in this Amendment and Reply, Applicant believes that the present application is now in condition for allowance, and an early indication of allowance is respectfully requested.

The Examiner is invited to contact the undersigned by telephone if it is felt that a telephone interview would advance the prosecution of the present application.
